Why is Würzburg so popular? Many people come visit time and time again, not because of the location alongside the Main River and the ease of getting here.
No, it has everything to do with the unique atmosphere that simply makes you feel good. It’s a special mix of culture and ambiance, of world heritage and wine festivals, of modern and classical music, of avant-garde and age-old traditions, of sciences and party atmosphere that makes this town so popular. The stunning historical architecture provides the perfect setting for everything Würzburg has to offer. There are many hotels and restaurants that are looking forward to your visit. – Enjoy the Franconian wine, a glass of Franconian sparkling wine and other culinary treats from the region.
The Residenz Palace – A UNESCO World Cultural Heritage Site
Balthasar Neumann, Europe’s greatest architect of the Baroque era, built the Residence Palace. This former home of the prince bishops of Würzburg is nicknamed “the castle above all castles.” The grand staircase of the Residence Palace is deemed the most beautiful staircase in the world. Other renowned artists whose names are inextricably linked to this lovely city on the Main river are Tilman Riemenschneider and Giovanni Battista Tiepolo.

Almost Like Hollywood but Real: The Towers of Würzburg
Würzburg is not a fake movie backdrop but a real, vibrant city. The view from the Fortress Marienberg across the many towers rising above the city – the cathedral, the Marienkapelle, the town hall, and the Käppele – is breathtaking and unforgettable.

The Museums: Visit, Experience, and Learn
At the Museum für Franken, you find a large collection of works by Tilman Riemenschneider. The Museum am Dom offers a unique collection of modern and contemporary art. The award-winning Museum im Kulturspeicher offers Concrete Art in a truly extraordinary setting. If you are interested in items from the antiquity, then visit the Martin von Wagner Museum. There is something here for any interest!
Fascinating Tradition: Franconian Wine, the Bocksbeutel and Typical Restaurants

Our recommendation: Quaint restaurants and traditional wine taverns offering local fare. Of course, you can also opt for international cuisine at five star restaurants. And don’t forget that this is one of the best wine-growing areas in Germany. So don’t miss the opportunity to sample a local wine from a Bocksbeutel bottle. This should be a mandatory part of any visit… For an up-close experience of the Franconian joie de vivre, visit one of the many local wine festivals, tour a wine cellar or participate in a wine tasting.

One in Four Residents is a College Student

Würzburg is home to about 36,000 college students. Wilhelm Conrad Röntgen once studied here and discovered X-rays that have transformed our lives. In 1901, he was awarded the Nobel Prize in Physics for his work. There are a total of 14 Nobel Prize winners that once studied and lectured at the university and helped further its excellent reputation. The University of Applied Sciences Würzburg-Schweinfurt offers 32 different Diplomas, Bachelor’s and Master’s degree programs. The University of Music Würzburg has produced many well-known musicians, among them the world-famous singers Waltraud Meyer and Diana Damrau.
A Unique Setting: Mozart Meets Mozambique

Are you looking for classical music or African drum beats? We have got you covered! The Africa Festival in Würzburg is the largest African Culture Festival in Europe and Würzburg also hosts the acclaimed Mozart Festival, an outstanding classical music concert series. If you need more: There is the International Film Weekend, the Stramu Street Art Festival, the Bach Days, to name just a few.

Getting Here Is Easy: We are Located in the Heart of Europe

As much as locals enjoy the Franconian heritage, they also take advantage of the easy access to the rest of Europe. Würzburg sits at the crossroads of numerous new and old traffic routes. Three major interstate highways intersect here: Autobahn A3 Cologne – Würzburg – Munich, Autobahn A7 Hamburg – Würzburg – Ulm, and Autobahn A81 Stuttgart – Heilbronn – Würzburg. Furthermore, there are 350 train departures daily, 70 of which are high-speed trains, and you are only an hour’s drive from Frankfurt International Airport. If you like the water, you can take a boat trip on the Main river to Sommerhausen or a leisurely cruise to Veitshöchheim and the most beautiful Rococo garden in all of Europe. Since the Rhine-Danube canal opened, the Main river has taken off as a boat-touring destination.

In 2018 about 1,000 river cruises stopped in Würzburg. And don’t forget to explore the scenic Romantic Road. There is no shortage of great options here.
A great number and variety of events are taking place here all year long. To assist you in planning your trip, we have listed some of the best ones on the following pages.

300th anniversary of the laying of the foundation stone of the Residence Würzburg 2020
Under the rule of Prince-Bishop Philipp Franz von Schönborn, the construction of the Würzburg Residence began in 1719 and the foundation stone was laid on May 20, 1720. Together with the architect Balthasar Neumann, the plasterer Antonio Bossi, the sculptor Johann Wolfgang von der Auvera and the greatest fresco painter of the 18th century, Giovanni Battista Tiepolo, crafted the interior. The Residence Palace was included in the UNESCO list of World Heritage of Humanity back in 1981, due to the fact that it is "the most unified and extraordinary of Baroque castles". The 300th anniversary of the laying of the foundation stone will be celebrated in 2020 and will include two festive nights. An exquisite artistic and culinary program will be offered in the splendid rooms of the Residence Palace.

Guided Tours of the Fortress Marienberg

The Fortress Marienberg is visible from seemingly everywhere in Würzburg. Originally, there was a Celtic palisade castle at this site. In 704 AD the first Würzburg church was erected here. At the beginning of the 13th century fortifications were built around the church. The fortress was expanded and renovated several times during the Renaissance and Baroque periods. The walking tour visits the castle keep, the Scherenbergtor, the temple above the deep well from the Renaissance period, the dungeon of Tilman Riemenschneider, and the Fürstengarten with its magnificent views of the city. Due to renovation work, the actual guided tour may change.

Guided Tours with a Topic

Medieval Würzburg

The topic of this guided tour is Würzburg in the Middle Ages. You will learn about guilds and brotherhoods while walking the streets around market square where the craftsmen used to live. At the Cathedral of St. Kilian you get to marvel at several sculptures by Tilman Riemenschneider. Then the tour takes you past Riemenschneider’s former residence to the Alte Mainbrücke (Old Main River Bridge) and the fabulous views of the vineyards and the Fortress Marienberg. You will learn many interesting facts about medieval life and the peasants’ wars. Also covered will be minnesong since the remains of the famous minnesinger Walther von der Vogelweide are said to rest in the Lusamgärtlein at the Neumünster.

Jewish Life in Würzburg

Würzburg has been home to citizens of Jewish faith for more than 900 years. In the Middle Ages, Würzburg was an important center of Jewish faith and philosophy thanks to the Talmud School and its rabbis. In the following centuries times of persecution happened periodically. In the 17th century, the prince-bishops evicted Jews from the city and surrounding areas and it was not until the 19th century that a Jewish community got reestablished in Würzburg. The Nazi dictatorship eclipsed with the deportation of Jews to concentration camps. Today, the Jewish community of Würzburg is again 1100 members strong. The guided tour provides an overview of the religion and history of Würzburg’s Jews and visits important sights of town, such as the Juliusspital and the Marienkapelle.

Women in Würzburg

Some of Würzburg’s female residents have become famous well past the city limits. Well known names include Emy Roeder, Gertraud Rostosky and Margret Boveri. Many others have not come to fame. Yet all of them have helped shape the city, whether they did laundry, sold goods on the markets, were persecuted as witches or revered as nuns. The guided tour visits many of the famous sights of town and uncovers many little known surprises.

Witch-Hunts in Würzburg

Witch-hunts did take place in Würzburg. The height of the persecution was reached in the early 17th century when women were burned en masse. In those days, any citizen – regardless of gender or status – was subject to libel, which could mean death. The guided tour visits historical sights such as the cathedral of St. Kilian, the Neumünster, and the town hall to illustrate the religious and secular causes of the witch-hunts of the 17th century.

The Mainviertel – Würzburg’s Oldest Part of Town
To this day, you can experience a piece of the original Würzburg in the Main- or Burkarderviertel. Historically, this is where the fishermen and craftspeople used to live. The guided tour takes you to the Deutschhauskirche (founded in the 12th century by the Order of Teutonic Knights), the former Hofspital (hospital) and the romanic/gothic era Burkarderkirche. Burkard, the first bishop of Würzburg erected a Benedictine monastery at this location in the 8th century. Also located in the Mainviertel is the first creation by Balthasar Neumann. Last but not least, explore the remnants of a 17th century water canal and its lock. The canal allowed larger vessels to avoid the smaller lock at the Alte Mainbrücke (Old Main River Bridge).

Wine and hiking, cellar tour and culture, indulgence and going for a walk: Franconia has some of the best things to offer. You can choose between a big, historical wine estate such as the Staatlicher Hofkeller and a small family-operated winery, between an up-and-coming new wine grower and a traditional, worldclass wine estate. Wine, in all its colors and taste variations, simply is the number one topic here. The best introduction to Franconian wine is a cellar tour or a wine tasting. Maybe you and your group prefer to visit one of the many local wine festivals. But don’t forget to enjoy the unique atmosphere of the “Brücken­schoppen” on the Alte Mainbrücke (Old Main River Bridge) drinking a glass of wine, or two. And the traditional Franconian wine bottle is the Bocksbeutel – it makes a great souvenir.
Wine Estate
Bürgerspital
Zum Heiligen Geist

The Bürgerspital Weingut in Würzburg is a modern, 700-year-old top winery in Franconia, dedicated to quality and tradition. The Riesling, Silvaner and Burgundy grape varieties are mainly grown on the 120 hectares of vineyards and are filled in Bocksbeutel. The most precious treasure is the unique vineyards, especially the Würzburger Stein and the Steinharfe. “For us, as Bürgerspital citizens, the greatest motivation is to get the best out of these vineyards and to produce distinctive wines that bear our signature”. The winery itself is part of the Bürgerspital foundation zum Hl. Geist, the original foundation purpose of which was the care of those in need, continues to this day. This social commitment is supported by a contribution which is made for every bottle of wine sold.

Cellar Tours
You can learn everything you have ever wanted to know about wine during the Bürgerspital’s public guided tours. The tour through the 700-year-old winery reveals the entire process, starting from the grape to the bottling into the Bocksbeutel (traditional Franconian wine bottle): Beginning at the wine press hall, through the cellar with modern stainless steel tanks to one of the most beautiful and oldest oak barrel cellars in Germany. It is a sight which delights, because it is here that the best wines mature. You need to give yourself some time out and travel back to 1540. The oldest authentic white wine in the world rests in the treasure chambers of the Bürgerspital. At the end of the tour, you will receive a small Bocksbeutel, which you can enjoy at home.

WineWorld Juliusspital

The charitable foundation, Juliusspital in Würzburg, was founded in 1576 by prince-bishop Julius Echter. The winery is part of this foundation and has always used the revenues to finance social projects. The cadre for the wine’s individuality lies in 180 hectares of vineyard properties in the most famous wine region in Franconia. Maximum value is placed on respecting nature – sustainability for the vines and responsibility for future generations.

Cellar Tours and Wine Tastings

Wine is a cultural treasure and wine consumption is a joy. Experience both during a 90-minute tour of the Juliusspital wine estate. Take a trip through more than 440 years of (wine) history and get an inside view of one of the largest wineries in Germany. **Weingut am Stein Ludwig Knoll**
Wine has a passionate history for the Knoll family. The family has been cultivating wine in Franconia for five generations and, since 1980, has been situated here in the famous winegrowing area of the Würzburg Stein. Sandra and Ludwig Knoll give the highest priority to their ambition to produce top-quality wines from this prestigious area. The vineyards are cultivated bio-dynamically and the grape quality develops in harmony with nature. The basis for the quality of our wines is the vineyard, says Ludwig Knoll, and goes on to add „only that which we care for and preserve in the vineyard with intelligence and hard work can lead to great wines“. Fully ripe and healthy grapes are essential for the wine production, high quality and superb taste.

**Weingut A. Fesel**
The Weingut Fesel is located right outside Würzburg, surrounded by nature. It cultivates twelve different grape varieties on seven hectares. So it can offer a great variety of wines, with something for everybody. Wine and cellar master Stefan Fesel is a second-generation owner, now in charge of the winery. He is committed to natural grape cultivation, ecological wine production, high quality and superb taste.

**Weingut Reiss**
This innovative family run winery is located in Würzburg-Unterdürrbacht. Modern and elegant wines from classic grape varieties are presented, with a focus on their show variety of Silvaner. In addition, the „new ways“ of wine ageing, such as the mash fermentation or ageing in amphorae, are a source of great interest and enthusiasm and these emotions are passed on to the customers through the wine. As well as wine tastings, guests will find an extensive program of events, such as cellar and vineyard tours, wine seminars, culinary tastings and individual tours of Würzburg – an allround program that will make your visit an impressive and memorable experience. Individual visitors are warmly invited to enjoy tastings in the new vinotheque.

**The Würzburger Stein – Wine Cultivation, Ecology, City from Above**
Goethe had the Stein wine shipped to his home in Weimar. Hospitals and other charitable foundations are financed through this wine. Hike with a guide through the world renowned appellation and learn about wine cultivation, ecology and the history of Würzburg. The view of the city from here is simply breathtaking.

Whether you like it athletic on a mountain bike or more leisurely on a touring bike, our system of bike trails has something to offer for anybody. The trails are well built, well marked and suitable for any age or fitness level. The Main-Radweg (Main River Bike Path) is one of the premier bike trails in Germany. This is due to the high quality of the route, the signage, and the eating establishments as well as hotels along the trail. One of the most attractive bicycle regions in Germany can be explored by bike on “Romantic Road” trail. Enjoy pedaling alongside the Tauber River, the Fränkische Saale River, or through the Werntal Valley. How about a tour from the Main River to the Neuschwanstein Castle? Are you ready?
Bicycling Bliss on the Main-Radweg

Most cyclists riding to Würzburg take the Main-Radweg (Main River Bike Path), that is one of the most beautiful long-distance bike paths in all of Germany.

Touring from the source of the Main River to its terminus is great fun. Along the way, come into contact with a diversity of towns, landscapes and memorable impressions. Experience the romantic Franconian Switzerland, the down-to-earth Fichtelgebirge Mountains, the “secret capital of beer” Kulmbach, the natural beauty of the Upper Main river Valley/Coburger Land, the serene Steigerwald Forest, the towns of Bamberg and Würzburg with their UNESCO World Cultural Heritage Sites, the sunny Franconian Wine Country, the fairy-tale forests Spessart/Mainland, the “Bavarian Nice” Aschaffenburg, Frankfurt and its “Museumsufer” that is always worth a visit and the elegant town of Wiesbaden.

The Main-Radweg brochure includes information on bicycle friendly lodging, route descriptions, an overview map, prices, bicycle shops and rental locations.

Long-Distance Bike Path Romantic Road

There can’t possibly be a better way to experience Germany’s best known and most popular route than by bicycle! Würzburg is the gateway to the Romantic Road and its many highlights: There are the towns of Rothenburg with its entrance gates and fortified towers, the romantic town of Dinkelsbühl, Augsburg, the city of the Fugger, the world famous Wieskirche, the fairy-tale castle Neuschwanstein. Then there is the wildly romantic valley of the Tauber river, an ancient meteor crater near Nördlingen, as well as the impressive views of the Ammergauer Alps. Bicycle away from traffic on designated bike paths or lightly traveled secondary roads. Ride alongside the rivers Main, Tauber, Wörnitz, and Lech. There are no mountains here or highly aerobic ascends. Cities as well as small towns along the way offer many options for nourishment and an overnight stay. The 460 km long trail from Würzburg to Füssen is well marked and suitable for families with children.

Cycling around Würzburg

The Main-Radweg (Main River Bike Path) is certainly one of the classic bike paths, offering you all the beauty and variety of the Franconian wine country. In addition, Würzburg is also the starting point of beautiful and recommendable bike paths along the Tauber River, the Franconian Saale River and in the neighboring regions Spessart, Rhön and Steigerwald. Escape from it all on the Main-Tauber-Fränkischen Radachter bike path. Between the Main and Tauber Rivers, it combines original nature, romantic river valleys, traditional half-timbered houses, baroque splendor and famous wines. The Main-Werra-Radweg (Main-Werra River Bike Path) has a unique charm because of its different landscapes. It leads from Würzburg over the idyllic valley of the Saale River and the heights of the Rhön River to Meiningen in Thuringia. The bike path “From the Main to the Rhône River” is a 263-kilometer circuit, leading from Gemünden am Main, over the idyllic valley of the Sinn River, into the UNESCO Biosphere Re-
Discover the Franconian Wine Country with an Electric Bicycle

The Franconian Wine Country with all its variety begs to be discovered in an active way. There are steep vineyards, valleys with meadows and forested ridges; there are historical towns, bustling markets, magnificent churches, fortresses and castles. Enjoy a bike ride through all of this in a very relaxing way. On an electric bicycle, the so-called Pedelecs increase the pedaling power as necessary and make a challenging or long bike ride much easier. To help you plan your trip with details about battery changing points and tour suggestions please visit our website: www.fraenkisches-weinland.de

Terms of Accommodation and Agency

Congress-Tourismus-Würzburg, proprio- ter of Würzburg and referred to in the fol- lowing as “CTW” for short, arranges accommodations for guests in lod- ging establishments, hereinafter referred to collectively as “Host”, in the Fränkische Weinland (Franconian Wine Country) region and beyond, and hereby agrees that the following terms and conditions shall form either in full or in part, or in entirety, the contractual relationship between the Guest and the Host, and, supplementarily to the relevant legal provisions, govern the contractual relationship between the Guest and the Host and the agency activity of CTW. For these reasons you are kindly requested to care- fully read through these Terms of Accom- modation and Agency.

1. Status of CTW, applicability of these terms and conditions
Subject to the calendar date on which an accommodation contract is concluded (pur- suant to the provisions of the new statutory travel law which comes into effect as of 1 July 2017) the following shall apply:

1.1. In relation to accommodation service contracts which are concluded prior to 1 July 2018, the following shall apply:

a) CTW operates various websites and pub- lishes certain host directories, brochures, flyers and other print media or online pub- lications, where CTW is clearly indicated as being the editor of such publications.

b) Moreover, in relation to any accommoda- tion services which are offered together with certain ancillary services (e.g. accommodati- on and catering), CTW shall only act as an agent in relation to an accommodation ser- vice on behalf of such host if the value of the ancillary services provided together with the accommodation service does not represent a substantial part of the total value of services provided by the host and, if these ancillary services do not constitute a material charac- teristic of such service offered by the host and has also not been advertised as such.

c) CTW shall act as an agent of combined travel services, if a combination of travel ser- vices offered by CTW fulfills the pre-requi- sites as defined in the statutory provisions of Section 651w of the German Civil Code. (especially with respect to due delivery to the Guest of the information forms as pro- vided by statutory law, and due provision of security in relation to customer payments in the event that CTW collects any Guest payments) and notwithstanding moreover the consequences provided by statutory law in case CTW should fail to observe its respective statutory obligations, CTW shall, provided it duly fulfils the pre-requisites as outlined in (b) and (c) above, act neither as a travel package tour operator nor as the Guest’s contract partner in relation to any accommodation contract concluded. CTW thus shall not be liable in relation to any in- formation provided by the host as regards prices or services nor in relation to the due provision of services as such nor in relation to any service deficiencies. CTW’s liability as an agent for accommodation services as well as any liabilities based on statutory law, especially on the basis of compulsory provi- sions in relation to tele-services and business contracts that are concluded electronically shall remain unaffected.

1.2. In relation to accommodation service contracts which are concluded later than 30 June 2018, the following shall apply:

a) CTW operates various websites and pub- lishes certain host directories, brochures, flyers and other print media or online pub- lications, where CTW is clearly indicated as being the editor of such publications.

b) Moreover, in relation to any accommoda- tion services which are offered together with certain ancillary services (e.g. accommodati- on and catering), CTW shall only act as an agent in relation to an accommodation ser- vice on behalf of such host if the value of the ancillary services provided together with the accommodation service does not represent a substantial part of the total value of services provided by the host and, if these ancillary services do not constitute a material charac- teristic of such service offered by the host and has also not been advertised as such.

c) CTW shall act as an agent of combined travel services, if a combination of travel ser- vices offered by CTW fulfills the pre-requi- sites as defined in the statutory provisions of Section 651w of the German Civil Code. (especially with respect to due delivery to the Guest of the information forms as pro- vided by statutory law, and due provision of security in relation to customer payments in the event that CTW collects any Guest payments) and notwithstanding moreover the consequences provided by statutory law in case CTW should fail to observe its respective statutory obligations, CTW shall, provided it duly fulfils the pre-requisites as outlined in (b) and (c) above, act neither as a travel package tour operator nor as the Guest’s contract partner in relation to any accommodation contract concluded. CTW thus shall not be liable in relation to any in- formation provided by the host as regards prices or services nor in relation to the due provision of services as such nor in relation to any service deficiencies. CTW’s liability as an agent for accommodation services as well as any liabilities based on statutory law, especially on the basis of compulsory provi- sions in relation to tele-services and business contracts that are concluded electronically shall remain unaffected.

1.3. Possible liabilities of CTW resulting from the provision of brokerage services as well as liabilities applicable under statutory law, especially in relation to the provision of accommodation and canteen services, that has been concluded remotely (i.e. by way of letter, brochure, telephone, facsimile, email, via text messages as well as by way of broadcasting services via radio or TV): In such cases the Guest’s rights are limited to the compensation of all and any applicable in case of rental services not being utilizing (section 537 of the German Civil Code. In this respect, please refer also to the provi- sions stipulated in Article 6 hereunder). The Guest does however have a right to object if the contractual relationship relating to the provision of accommodation services has not been concluded outside of business premi- ses, unless however, either one of the afore- mentioned provisions applies or as any supple- mental negotiations on the basis of which the con- tractual relationship was concluded, were conducted following the Guest’s respective request. In such cases the Guest shall have no right to object.

2. Prices and services
2.1. The prices indicated in the brochure are net prices and in clude statutory value added tax and all additional expenses unless indica- ted otherwise with regard to such additional costs. Additional charges might be made for optional or supplementary services.

2.2. The services to be provided by the Host are defined solely in the booking confirma- tion in connection with the valid brochure or the booking confirmation and only as such supplementary agreements specifically concluded with the Guest/Booking Party. The Guest/ Booking Party is advised to make any additi- onal agreement in written text.

3. Payment
3.1. The prices indicated in the brochure are net prices and in clude statutory value added tax and all additional expenses unless indica-ted otherwise with regard to such additional costs. Additional charges might be made for optional or supplementary services.

3.2. The services to be provided by the Host are defined solely in the booking confirma- tion in connection with the valid brochure or the booking confirmation and only as such supplementary agreements specifically concluded with the Guest/Booking Party. The Guest/ Booking Party is advised to make any additi- onal agreement in written text.

4. Payment
4.1. The time at which downpayments and final payments fall due is based on the cor- responding arrangement agreed with the Guest or Booking Party and indicated in the booking confirmation. In the absence of any such agreement, the entire price of accom- modation including additional costs and ser- vices shall fall due at the end of the Guest’s stay and accordingly be paid to the Host.

4.2. In the case of stays of more than one week, the Host may bill and request pay- ment for the days of accommodation already- provided and additional services rende- red (e.g. catering services not included in the accommodation price, beverages, etc. from the minibar).

4.3. Even if not expressly indicated in the booking confirmation, the Host may, unless has agreed otherwise in the individual case, request a downpayment amounting to 20 percent of the total price.

4.4. Payment in foreign currencies and by collection – only checks is not possible. Pay- ment by credit card will only be possible by
5.7. For booking processing-related reasons of a travel cancellation insurance policy.

5.6. We strongly recommend the conclusion of accommodation services in question. In such cases, the costs are considerably higher than the above charges and the cancellation costs saved by the latter are not the Host’s to substantiate to the Guest and charge the latter a cancellation fee in accordance with Section 5 below.

5. Cancellation and no-show

5.1. In the case of cancellation the Host shall remain entitled to payment of the agreed price of the stay, including the cost of board and any payments due for additional services.

5.2. Within the framework of its normal business activities, the Host, while not being subject to any obligation to undertake any special efforts, is obligated to seek alternative occupation of the booked accommodation, with account being taken of the specific character of said accommodation (e.g. non-smoking room, family room).

5.3. The Host is obligated to deduct from the aforementioned claim the amount earned through alternative use of the room, as well as any expenses not incurred.

5.4. As per the percentage rates prescribed by law for the assessment of non-incurred expenses, the Guest or Booking Party is obligated to pay the Host the following amounts, based in each case on the total price of the accommodation services (including all additional expenses):

- For accommodation without board 90%
- For board and breakfast 80%
- For half board 70%
- For full board 60%

5.5. The Guest/Booking Party expressly retains the right to substantiate to the Host that the cancellation costs saved by the latter are considerably higher than the above charges or that alternative use was found for the accommodation services in question. In such case the Guest/Booking Party will then only be obligated to pay the lower amount.

5.6. We strongly recommend the conclusion of a travel cancellation insurance policy.

5.7. For booking processing-related reasons the Guest’s interests, should be made in written text.

6. Arrival and departure

6.1. The Guest should arrive on the agreed date, otherwise the Host is entitled to a cessuity for a special agreement in this respect.

6.2. The Guest is obligated to notify the Host – not CTW – of any delay in arrival no later than the agreed time of arrival. The Host’s failure to give such notification will entitle but not oblige the Host to seek other accommodations for the accommodation in question.

6.3. The Host should leave the accommodation at the latest by 12:00 midday on the date of departure agreed and indicated in the booking confirmation, without any special agreement being necessary in this respect. The Guest’s failure to vacate the accommodation punctually will entitle the Host to demand extra payment. The Host reserves the right to assert further claims for damages in such instance.

7. Guest’s obligations, bringing of animals, cancellation by the Host

7.1. The Guest is obligated to use the accommodation and its facilities and all of the Host’s facilities for their intended purposes only and with care and in accordance with any rules of usage which might exist, (e.g. in connection with a swimming pool and sauna).

7.2. The Guest is obligated to notify the Host without delay of any defects and malfunctions and remediation thereof. Solely notifying CTW will be insufficient, and culpable failure to lodge complaint could result in any claims by the Guest becoming partially or wholly invalid.

7.3. The Guest may only cancel the contract in the event of significant defects or malfunctions. Before doing so, the Guest shall within the framework of the notice of complaint first set the Host a reasonable deadline for remediation unless such remediation is not possible, or is refused by the Host, or if immediate cancellation is materially justified by a 6.00 am interest of the Guest which is evident to the Host, or if such reasons make a continuation of the stay objectively unreasonable from the Guest’s point of view.

7.4. The bringing into and keeping of pets in the accommodation will only be possible if expressly agreed beforehand or provided for in the tender. Within the framework of such agreement the Guest is obligated to provide true and accurate information as to type and character of all pets to be accommodated. The Guest is also obligated to entertain the Host to extraordinary cancellation of the accommodation contract.

8. Liability

8.1. The contractual liability of the Host for non-physical damages is limited to three times the price of the stay, to the extent that damages to the Guest were caused neither willfully nor by gross negligence on the part of the Host and to the extent that the Host is responsible for damage arising to the Guest solely as a result of a vicarious agent’s negligence.

8.2. This provision shall have no bearing on any insureree’s liability for deposited objects as per Article 701 et seq. of the German Civil Code.

8.3. The Host shall not be liable for any disruption in connection with services clearly provided by third parties to and merely arranged for by the Host for the Guest/Booking Party during the period of lodging (e.g. sports events, theatre visits, exhibitions etc.). This also applies to third-party services already arranged for in conjunction with the booking to the extent that these are expressly identified as such in the tender or booking confirmation.

9. Statutory limitation

9.1. Contractual claims on the part of the Guest/Booking Party against the Host or CTW arising from injury to life, limb or health, including contractual claims for compensation based on negligent breach of duty on the part of the Host or CTW or on willful or negligent breach of duty by their legal representatives or vicarious agents will be subject to a period of limitation of three years. This also applies to claims for reimbursement for other damage arising from grossly negligent breach of duty on the part of the Host or CTW or from willful or grossly negligent breach of duty by their legal representatives or vicarious agents.

9.2. Any and all other contractual claims will be subject to a period of limitation of one year.

9.3. The period of limitation as per the foregoing provisions shall in each case commence at the end of the year in which the claim was asserted and in which the Guest/Booking Party became aware of circumstances which signify such claim and in which the Host or CTW became aware of their liability or should have become aware thereof had it not been for gross negligence.

9.4. In negotiations are in progress between the tourist and the Host and/or CTW in respect of lodged claims or the circumstances upon which the claim is based, the period of limitation shall be suspended until such time as the Guest or the Host and/or CTW refuses to continue with the negotiations. The afore-said period of limitation of one year shall become effective no earlier than three months after said suspension.

10. Alternative settlement of disputes; Applicable law; Place of jurisdiction

10.1. With respect to the newly introduced legislation regulating the settlement of consumer disputes (Gesetz über Verbraucherstreitbeilegung) CTW advises herewith that neither CTW nor the Host currently participate in any such voluntary settlement programme. In the event that the participation in such a programme became obligatory in the further course after printing and publishing these terms and conditions, CTW/the host shall duly inform their Guests accordingly. In relation to all contractual relationships concluded electronically, CTW/Guest/the Host makes reference herewith to the European dispute settlement platform http://ec.europa.eu/consumers/odr/.

10.2. The contractual relationship between the Guest/Booking Party and the Host or CTW shall be governed exclusively by German law. The same shall apply to other legal relationships between the parties.

10.3. The Guest or Booking Party may only take legal action against the Host or CTW at their place of registered domicile.

10.4. As regards legal actions on the part of the Host or CTW against the Guest or Booking Party, the latter’s domicile shall be authoritative. The place of jurisdiction shall be the place of registered domicile of the Host as regards legal actions against guests or booking parties who are business persons, legal entities under public or private law or persons who live/whose place of business or usual place of residence is abroad or whose domicile/place of business or usual place of residence is unknown at the time of commencement of the action.

10.5. The aforementioned provisions shall not apply if and to the extent that other statutory European Union provisions or other international provisions are applicable.

Noll & Hütten lawyer, Stuttgart | München
Dear Guests,

The following terms of contract on the one hand regulate the legal relationship between Congress Tourism Würzburg, a proprietary operation of the City of Würzburg and referred to in the following as “CTW”, and yourself, referred to in the following as “Customer” or, as applicable, with the person/institution booking the guided tour.

The following terms of contract shall form integral content of the Contract of Service coming into force between you and CTW. For these reasons you are explicitly requested to carefully read through these terms and conditions.

1. Status of CTW

1.1. The status of CTW in this context is solely that of agent between the Customer—or, as applicable, the party booking the guided tour—and the tour guide conducting said tour.

1.2. CTW will therefore accept no liability for services, personal or material damage arising from or in connection with the guided tour or the respective tour guide. Any liability arising from or in connection with CTW and/or the tour guide from the agency relationship will not be affected hereby.

2. Status of the tour guide, applicable legal provisions

2.1. The legal relationship between the tour guide and Customer—or, as applicable, the party booking the guided tour—shall be primarily governed by the agreements concluded with the tour guide complementarily to these terms of contract and alternatively to the legal provisions set down in Article 611 of the German Civil Code relating to contracts for the provision of services.

2.2. Unless otherwise provided for under mandatory international or European law, the entire legal and contractual relationship with the tour guide and CTW shall be exclusively subject to the law of the Federal Republic of Germany.

3. Conclusion of contract, status of group customer

3.1. In effecting a booking, which may be made in writing, by fax, via E-Mail or the Internet, the Customer or the booking party binds itself to offer and conclude a service contract with the respective tour guide, represented by CTW as his legal representative, on the basis of the specifications relating to the respective tour and of these terms of contract.

3.2. If the booking is effected by a third party referred to in these terms of contract as “group customer”, i.e. an institution or a company (private group, adult education institution, school class, association, tour operator, incentive or event agency, travel agency), the latter as sole booking party personally named and booked partner within the framework of the agency contract or the contract with the tour guide within the framework of the service contract to the extent that said group customer is not expressly acting as a legal representative of the ultimate participants under the concluded agreements. In such case, the group customer shall be fully liable for payment of any agreed remuneration or any cancellation fees.

3.3. It has been expressly agreed that the group customer is effecting a booking as a legal representative of the ultimate participants, said group customer and the tour guide shall be personally and directly liable for all obligations of the ultimate participants to the extent that he has taken over these obligations by virtue of express separate declarations.

3.4. The guided tour service contract shall come into force upon CTW’s confirmation of the agreement and the respective tour guide’s acceptance of this confirmation. Payment by cheque or credit card will not be accepted. Payment with vouchers issued later will only be effective if subject to a corresponding and specific agreement with CTW. If individually and expressively agreed with either CTW or the tour guide, the agreed remuneration amount may be paid upon receipt of a corresponding invoice which will be issued subsequent to full performance of the agreed tour, in which case the entire amount accordingly invoiced shall be due for payment without undue delay and without any deductions to the tour guide.

5. Prices and payment

5.1. Agreed prices include the performance of the guided tour and additionally offered or agreed tour services, or tour services mentioned in Annex 1 of the terms of contract. Payment by cheque or credit card will not be accepted. Payment with vouchers issued later will only be effective if subject to a corresponding and specific agreement with CTW. If individually and expressively agreed with either CTW or the tour guide, the agreed remuneration amount may be paid upon receipt of a corresponding invoice which will be issued subsequent to full performance of the agreed tour, in which case the entire amount accordingly invoiced shall be due for payment without undue delay and without any deductions to the tour guide.

5.2. Admission fees, catering expenses, as well as costs on public and private transport, city maps, leaflets, museum guides, tour costs within the framework of the visited sights included in the guided tours are only included in the agreed price if these are specially listed as guided tour services or additionally agreed.

5.3. Should the tour commence or end outside of the Würzburg city centre, the tour guide will then have entitlement to reimbursement of the travel expenses thus incurred and for the additional time involved.

5.4. Unless agreed otherwise, in particular in respect of a down-payment, the agreed remuneration shall become due in cash at delivery of the service contract to the extent that it has been expressly agreed beforehand, the tour guide has suffered no loss or damage and for the additional time involved.

5.5. Should the tour commenced or ended out of the Würzburg city centre, the tour guide will then have entitlement to reimbursement of the travel expenses thus incurred and for the additional time involved.

5.6. The payments do not include value added tax.

5.7. The maximum number of participants per tour guide is, for example, 50 on tours in the Fränkisches Weinland (Franconian Wine Country) or along the Romantische Strasse (Romantic Road), or 35 on city sightseeing tours (also on combined bus/walking tours). As regards city bus tours, the maximum number of participants is 50.

5.8. Should the number of participants turning up for the guided tour exceed an agreed total or the maximum number of 35 persons per tour guide without this having been expressly agreed beforehand, the tour guide will then have entitlement to call in an additional tour guide. In the case of bookings effecting a booking as a group customer, i.e. an institution or a company (private group, adult education institute, school class, association, tour operator, incentive or event agency, travel agency), the latter as sole booking party personally named and booked partner within the framework of the agency contract or the contract with the tour guide within the framework of the service contract to the extent that said group customer is not expressly acting as a legal representative of the ultimate participants under the concluded agreements.

5.9. Should the Customer/ordering person notify CTW beforehand that the number of participants will exceed the agreed total and should not therefore be entitled to engage the services of an additional tour guide due to lack of availability, the commissioned tour guide shall accordingly have entitlement to remuneration at one and a half times the applicable rate for a single tour guide.

6. Failure to use ordered services

6.1. There shall be no entitlement to any reimbursement of payments which have been effectively paid if the booked party or the booking party does not use the agreed services either in whole or in part for reasons for which CTW or the tour guide cannot be held responsible and even though the tour guide is ready and able to provide the services.

6.2. The agreed remuneration shall be subject to the corresponding statutory regulations (§ 615 paragraphs 1 and 2 of the German Civil Code BGB).

a) The agreed remuneration is to be paid without entitlement to any Annex 1 subsequent performance of the guided tour at a later time.

b) The tour guide shall, however, allow any expenses not incurred as result of said failure to take part in the guided tour to be deducted from the agreed remuneration.

7. Cancellation, withdrawal and change of booking by the Customer or booking party

7.1. The Customer or the booking party may cancel the order, free of charge, after conclusion of the contract with the tour guide up to the fourth working day before the agreed commencement of performance.

7.2. Notice of cancellation may be given by fax (0931/365 83 98) or E-Mail (service@wuerzburg.de) during the business hours of CTW’s head office (Monday – Thursday 8:30 am – 5pm, Friday 8:30 am – 1 pm). Said cancellation shall not be considered valid until confirmed in writing (fax or E-Mail) by CTW.

7.3. Notice of cancellation given later than specified in Section 7.1 shall make the cancelling party liable for payment of compensation to the amount of 90% of the agreed remuneration. The provision set down in Art. 6.2 above shall apply correspondingly. In such case the tour guide will invoice the Customer or booking party directly.

7.4. Changes of booking (change of date, time, route) may be made in writing, by fax, via E-Mail or the Internet, but the Customer or booking party shall be liable for any additional expenses involved in the guided tour) may be made, free of charge, up to the fourth working day before the agreed date of performance, after which it will only be possible to make changes by canceling the booking in accordance with the above conditions and subsequently making a new booking. Such changes shall not be considered valid until confirmed in writing by CTW.
8. Liability of CTW and the tour guide

8.1. For details of CTW’s liability, please refer to Section 12.2 of these terms of contract. All non-physical damage shall be excluded to the extent that such damage is not the result of the Customer or booking party's gross negligence or willful misconduct.

8.2. The guide or guide for any tour agreed in writing shall not be liable for any tour agreed in writing if the performance of the tour guide is standard and such shortcomings are not remedied in spite of corresponding notification thereof. There shall be no entitlement to reimbursement in the case of unjustified cancellation or termination.

8.3. The tour guide shall not be liable for any services, actions or commissions on the part of catering businesses, facilities, supporting institutions of tourist attractions/sites or any other places that are visited within the framework of the tour. The agreement shall only be regarded as valid in whole or in part for the damage in question.

9. Tour times, duties and obligations of the Customer

9.1. The Customer or group customer is required to indicate a mobile phone number when booking or in due time before the agreed date of the tour, via which they can be contacted should the need arise. As a rule, CTW will either engage the Customer or an appropriately nominated person the mobile phone number of the respective tour guide.

9.2. Agreed tour times shall be strictly adhered to. If subject to any delay, the Customer shall accordingly notify the tour guide at latest by the agreed time of commencement and indicate the probable time of arrival. The tour guide may refuse to postpone the agreed time of commencement if such postponement is objectively impossible or unreasonable, in particular if subsequent tours or other competing business or private appointments by the tour guide have to be kept as a result. Generally speaking, any postponements over 60 minutes shall entitle the tour guide to cancel the tour. The tour guide's entitlement to cancel the tour shall accordingly notify the tour guide at latest in writing, and the provision set down in Section 6 shall apply correspondingly.

9.3. Any delay in commencement of the guided tour for which CTW and/or the tour guide cannot be held responsible will in general not give rise to any entitlement to an extension of the tour's duration. Should the group arrive late for the tour, the tour guide and the Customer or group customer shall agree as to whether the guided tour should be correspondingly shortened or – if the tour guide has no obligations to meet elsewhere – whether the tour's originally agreed duration can be adhered to. In such case the tour guide's remuneration shall be calculated on the basis of the period comprising the wait and the actual duration of the guided tour.

9.4. The Customer or the representative of the group customer is obligated to notify the tour guide of any shortcomings in the tour and agreed services immediately and to demand appropriate remediation. Any claims in respect of poor or incomplete performance on the part of the tour guide shall not become forfeited if such notification of shortcomings is not made for reasons for which the Customer or group customer cannot be held responsible.

9.5. The Customer or the booking party shall only be entitled to cancel or terminate a tour after its commencement if the performance of the tour guide is standard and such shortcomings are not remedied in spite of corresponding notification thereof. There shall be no entitlement to reimbursement in the case of unjustified cancellation or termination.

9.6. Combined bus/walking tours, city bus tours and touring guided tours may only take place in buses with a functioning microphone system and appropriate seating for the tour guide. Should this not be the case, the tour guide shall have entitlement to refuse the order while retaining his right to remuneration (Section 6.2 shall apply correspondingly). (9) Insurance cover

10.1. Contrary to agreed services shall only include insurance cover in favour of the Customer or booking party if specifically agreed accordingly.

10.2. The Customer or booking party is strongly advised to take out a travel cancellation insurance policy.

10.3. Accessibility of local sights and the special regulations relating thereto to be included in the agreement on admission times of local sights, for which reason the time quoted in CTW’s confirmation of order applies solely to the start of the tour and does not confer an absolute guarantee of admission to a site at that point.

11. Furthermore, CTW has no influence on the general accessibility on Sundays and public holidays of museums and public buildings, in particular churches (which might be closed for tours because of, for example, church services, special events, etc.).

11.3. Würzburg’s castle and garden management have established the following regulation in order to ensure smooth running tours of the Residence UNESCO World Heritage site: Groups consisting of less than 30 people may be admitted to the castle at the earliest.

12.1. With respect to the newly introduced legislation regulating the settlement of consumer disputes (Gesetz über Verbraucherrechtsbehelfe), CTW duly informs the client herewith that it currently does not have an office for consumer remedies.

12.2. Contractual claims on the part of the Customer or booking party against the tour guide or CTW arising from injury to life, limb or health, including contractual claims for compensation, that are based on said parties’ negligent breach of duty or a deliberate or negligent breach of obligation on the part of their legal representatives or vicarious agents shall lapse after three years. This shall also apply to compensation claims for other damages that are based upon a grossly negligent breach of duty on the part of the tour guide and/or of CTW of the Customer or CTW based on a deliberate or grossly negligent breach of duty by their legal representatives or vicarious agents.

12.3. All other contractual claims shall lapse after one year.

12.4. The period of limitation as per the above provisions shall in each case begin from the end of the year in which the claim arose and in which the Customer/booking party became aware of the circumstances upon which the claim is based and in which the tour guide and/or CTW became aware of, or – with due gross negligence on their part, had to become aware of said circumstances.

12.5. If negotiations are in progress between the Customer and the tour guide and/or CTW in respect of the claims lodged or the circumstances upon which the claim is based, the period of limitation shall be suspended until such time as the Customer or the tour guide and/or CTW refuses to continue with the negotiations. The aforementioned period of limitation of one year shall become effective three months after such suspension at the earliest.

13. Applicable law, place of jurisdiction

13.1. The entire contractual and legal relationship between CTW and the Customer or booking party as well as between the tour guide and the Customer is governed exclusively by the law of the Federal Republic of Germany.

13.2. Insofar as on-site payment to the tour guide is agreed, the place of performance shall be the place where the tour is carried out.

13.3. The Customer or booking party may only file a legal action against the tour guide or CTW at their general place of jurisdiction. If the booking party is a merchant within the meaning of the German Commercial Code or a public or private law legal entity, or if the Customer or booking party has no general place of jurisdiction in Germany, the exclusive place of jurisdiction for any claims of the tour guide or CTW shall be their place of residence or their principal place of business.

13.4. The above provisions on applicable law and the place of jurisdiction shall not apply if determined otherwise in favour of the Customer or booking party by EU regulations applicable to the contract with the tour guide.
